CORRECTION OF ERROR IN APRIL 1 TOBACCO STOCKS REPORT.

In checking over the April 1, 1932 Tobacco Stocks Report we find that 3,917,000 pounds of tobacco was incorrectly reported as One-Sucker, U. S. Type 35, when it should have been reported as Southern Maryland, U. S. Type 32. The detailed report by groups of grades of these two types should read as follows:

U. S. TYPE 32.-SOUTHERN MARYLAND

Attention is also called to an error in the January 1, 1932 report. Due to an error in tabulation the stocks of the A group of Type 12, Eastern North Carolina Flue-cured, were reported as 1,223,000 pounds. The correct figure for stocks of the A group of Type 12 on January 1, 1932 is 200,000 pounds. The correct figure for stocks of the B group of Type 12 on January 1, 1932 is 71,865,000 pounds.
